Top Outlined District Needs – All Groups	45
Recommendations	46

# Background

Like many school districts, Spearfish School District is facing the challenge of aging facilities that don't fully deliver the educational benefits of more modern schools. In August 2019, the School Board approved a facilities planning process with the following goals:

- Outline long term facilities plan for the District based on:
  - 1. Education Mission
  - 2. Stakeholder Input
  - 3. Condition/Adequacy Assessments
- Provide high value for taxpayers' investment

In October 2019 stakeholder workshops were held with staff, community members, students, board and administration, and community leaders to gather their input.

# Objectives

- Gather information from stakeholders about the vision, strengths, weaknesses, and shortcomings of Spearfish Public Schools primarily as it relates to improving education.
- Based on the information provided, develop summary information that will help the school board outline a prioritized long-term master facilities' plan.

# Stakeholder Group Sessions

	-					
	Group	Stakeholders	Date	Time	Location	Attendees
1	Board/Administration	All Board & Admin.	10/15/2019	6:00-7:00 PM	Board Room	15
2	High School Students	15-20 Jr. & Sr.	10/16/2019	1:30-2:30 PM	Library	20
3	High School	All Staff	10/16/2019	3:20-4:20 PM	Library	15
4	Community Session #1	Any	10/16/2019	7:00-8:00 PM	High School	5
5	Middle School	All Staff	10/17/2019	3:20-4:20 PM	Library	15

#### Spearfish Public Schools Stakeholder Engagement Sessions

### Session Questions

### Participants were asked:

- 1. What great things are happening at Spearfish Public Schools?
- 2. What are the biggest challenges facing Spearfish Public Schools?
- 3. How has education changed in the past 20 years?
- 4. If you won the lottery and were required to spend it all on your schools, how would you spend it?
- 5. What are the Top 5 needs for a good education?
- 6. What advice would you give to the decision makers on how to make this planning initiative successful?\*
- 6a\*. What are your expectations of going through this process? (board and admin. only)

### Student Specific Questions:

- Who are you competing against?
- What does a diploma mean to you?
- What would you want for the younger students (siblings) that you didn't have?

### Session Questions

### **Questions 1 & 2 Group Exercise**

- 1. What great things are happening at Spearfish Public Schools?
- 2. What are the biggest challenges facing Spearfish Public Schools?
  - Questions 1 and 2 were a group exercises where group participants answers were tabulated and then prioritized. Prioritization was done by giving the participants half the number of "voting stickers" as categories tabulated.
  - Remaining questions were answered individually on sticky-notes provided to all participants. Commonalities among these responses were then identified and tabulated.
  - See the following tables for individual group tabulation results.

# School Board & Administration

- Highlighted comments are considered facility related.
- Smaller student teacher ratio comments are facility related only if caused by not having enough classrooms.

#1 Great Things			#2 Challenges			#3 20 Year Change In Education

Spearfish Public Schools Stakeholder Engagement Facility Awareness Cross-Tabulations (All Questions)

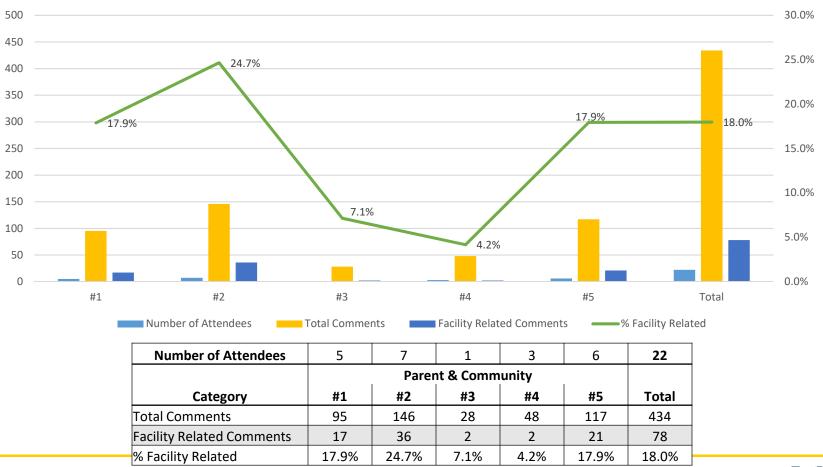

### **Facility Awareness Cross-Tabulations**

### **Facility Awareness Cross-Tabulations**

(All Questions)

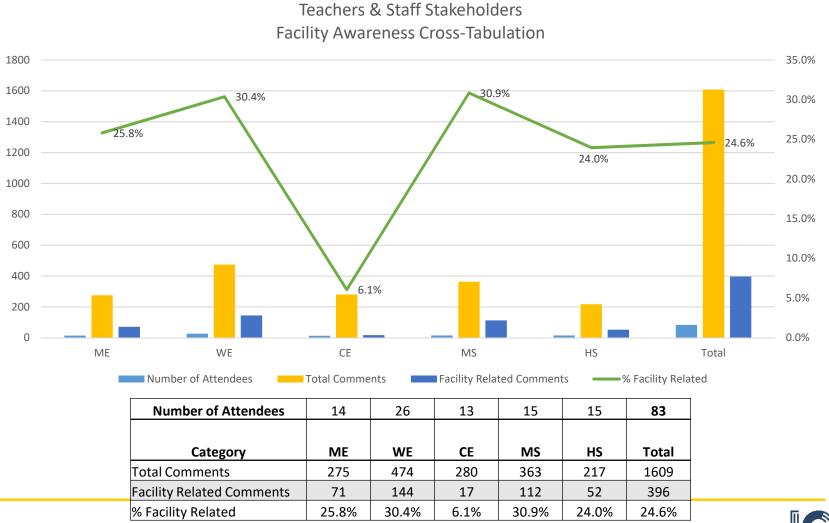

Parent & Community Stakeholders Facility Awareness Cross-Tabulation

### **Facility Awareness Cross-Tabulations**

(All Questions)

## Top Outlined District Needs – All Groups

(Based on "Challenges" prioritization exercise of 156 attendees)

- **Facilities/Safety/Infrastructure:** Update facilities by improving safety & security, facility layout, facility condition and aesthetics, indoor air quality and temperature control, playground supervision and safety, addressing aging infrastructure, providing larger/more lockers, repairing MS track, providing more parking, separating parent/bus traffic safety, restrooms/sinks in kindergarten classrooms.
- <u>More Space</u>: Provide smaller student-teacher ratios, more space/larger classrooms, more classrooms, more storage, new modern K-2/3 school to many transitions, more gym space, student commons areas, athletic fields.
- <u>**Curriculum:**</u> Provide a consistent and updated curriculum, more challenging curriculum, workforce development w/ expanded CTE programs, ACT prep courses, life skills courses, outdoor learning opportunities. Protect instruction time.
- <u>Teacher/Staff Collaboration, Planning, Workload:</u> Provide more time for scheduling and collaboration, maintain great staff, hire more teachers and support staff staff spread to thin, more enabling/involved parents and students, improve support for teachers.
- **SPED/Metal Health Programs:** More support space/classrooms, counselors spread to thin, to many metal/behavioral disruptions student safety, provide metal health infrastructure.

## Recommendations

- **Communicate** the results of all assessments to the entire community.
- **Translate** the key stakeholder objectives and facility-related needs into specific planning evaluation criteria.
- Use the facility assessments and stakeholder input as the basis for planning and guiding facility decision making.
- **Develop** options for community input.
